

GOLDBERG BROTHERS

BARN DOOR HARDWARE

BARNFOLD® SERIES

HEAVY DUTY

Barnfold® gets bigger and bolder in HD!

Goldberg Brothers has taken all the benefits of our original Barnfold® folding barn door hardware and super-sized them! Barnfold HD features heavy duty steel components for use with larger doors and a wider variety of applications.

- Reversible - opens either to the left or right
- Needs only 5" of adjacent wall space for a clear opening
- Does not obstruct the floor - no channel guide needed
- More usable space than ordinary bifold doors
- Hangers and track made from heavy duty 2" steel bar stock
- Durable steel rollers with sealed bearings
- Fits 1 $\frac{3}{8}$ ", 1 $\frac{3}{4}$ ", or 2 $\frac{1}{4}$ " doors
- 2-door sets available in 13 lengths from 24" to 96"
- 4-door sets available in 13 lengths from 48" to 192"
- J strap or top mount hanger styles
- Choose from raw steel or 16 powder coating colors
- Total door weight limit 400 lb (2-door set) or 800 lb (4-door set)
- Maximum door panel size: 48"x108"
- Professional installation recommended

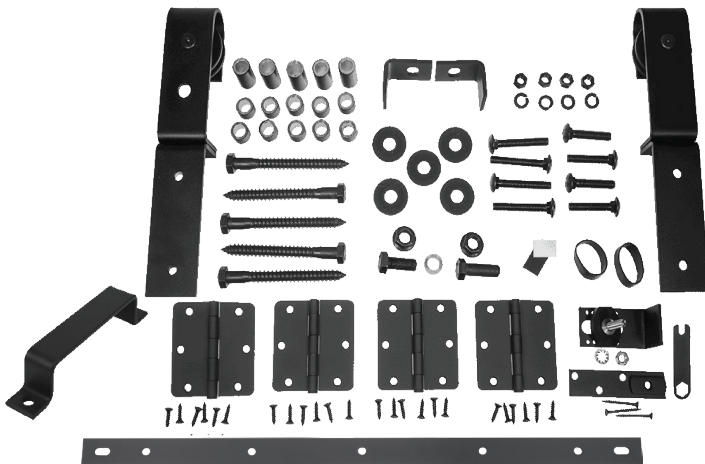

2-door J-strap Barnfold® HD sets (with track) include:

- One heavy duty track with pre-punched holes
- One fixed J-strap swiveling roller hanger
- One moving J-strap swiveling roller hanger
- Two adjustable hanger stops
- Bottom pivot kit
- one 7" pull handle
- Four 3 $\frac{1}{2}$ "x3 $\frac{1}{2}$ " heavy duty hinges
- All necessary bolts, nuts, screws, etc.

Top mount hangers are also available

Flush pulls and edge pulls are sold separately.

Track and pull handle images not to scale.

4-door Barnfold® HD sets (with track) include:

- One or two heavy duty tracks
- Two 2-door hardware sets
- One set of alignment plates
