

# GOLDBERG BROTHERS MOVIE THEATER DECOR

## FILM REEL CLOCKS

### There's no time like showtime.

Always know when the movie will start with an authentic Goldberg Brothers 10½" film reel clock.

Each of these distinctive timekeepers for cinema fans begins as a genuine Goldberg Brothers 16mm steel film reel, just like the countless thousands we have made for small theaters and classrooms around the world. We powder coat the reel, install the clockwork, then wind a long plastic strip on the reel to simulate film. You can choose from five different reel colors to match your decor.

One of these clocks is a must-have for your media room, and it looks great anywhere else in your home or office.

PC Chrome\* with black hands

Shelf stand is not included.

- genuine 10½" diameter 16mm steel film reel
- 4½" minute hand
- simulated film roll
- five available powder coat colors
- standard clockwork powered by a single AA battery

Silver with black hands

GB Brown with silver hands

Black with silver hands

Jacob's Gold with black hands

Color samples are approximate. \*PC Chrome is a glossy powder coat finish that resembles chrome plating.
