MOVIE THEATER DECOR

FILM REEL END TABLES

Turn the tables on ordinary furnishings.

Make your home or office go Hollywood with a Goldberg Brothers 12½" film reel end table. Each of these attractive pedestal-style tables is made with a genuine Goldberg Brothers 16mm film reel, once an essential part of grade school classrooms everywhere. We make it look more authentic by adding a simulated roll of film. One side of a Goldberg Brothers storage canister completes the movie motif. A film reel end table makes a useful and fun conversation starter in your living room, office, or home theater.
