Put your barn doors on the right track with the quality and convenience of Goldberg Brothers barn door hardware. Our award-winning products help make efficient use of any indoor living or working space. Our rustic, yet elegant, industrial design provides a bold focal point to any decor.

We designed our medium-duty Barnfold® hardware to work with most medium-weight and light-weight interior door panels in a 2- or 4-panel bifolding configuration. It can replace flimsy bifold door hardware on closets, pantries, and laundry nooks. All medium-duty hardware sets are factory equipped with DuPont™ Delrin® silent rollers.

For larger and heavier doors, we offer heavy-duty Barnfold® HD hardware, made with steel rollers and 2-inch wide hangers and track. Barnfold® HD hardware can be used almost anywhere a conventional interior door can go, and in places where a traditional barn door and track will not fit.

Both versions of Barnfold® hardware are available in 16 powder coat colors. Major steel components are made with up to 90% recycled materials. Barnfold® hardware is protected against manufacturing defects by a limited lifetime warranty.

Goldberg Brothers products have been proudly made in USA since 1897. Our commitment to quality, craftsmanship and value is built into everything we do.
**Barnfold® Series: Medium-Duty Hardware Sets**

### Barnfold® J-Strap 2-Door Hardware Set

Replace the ∗ in the product’s SKU with the code for the desired color. See inside back cover for color samples and codes.
**2 DOORS, LESS THAN CLEAR OPENING**

The stacked doors will hang over into the opening up to 4” in the fully opened position, with a minimum wall overlap of 1” on each side when fully closed.

**2 DOORS, CLEAR OPENING**

The stacked doors will not hang over into the opening in the fully opened position, with a minimum wall overlap of 5” on the stacking side and 1” on the closing side.

The hardware can be configured to allow the doors to open either to the left or to the right. For more detailed information, visit [goldbergbrothers.com](http://goldbergbrothers.com) to view Barnfold® installation instructions and sizing reference charts.

Goldberg Brothers warrants the functionality of its barn door hardware sets and tracks with a limited lifetime manufacturer’s warranty for defective parts under normal installation and use. Warranty is subject to repair or replacement of defective components at manufacturer’s discretion and does not include installation costs.

This warranty does not apply to the cosmetic condition of any products or components. Goldberg Brothers barn door hardware is sold as a rustic finished hardware and may develop scratches or other signs of wear during manufacturing or normal installation and use. Further, Goldberg Brothers does not warrant against any cosmetic imperfections in the steel parts that may be seen through the finish.

Certain accessories including but not limited to felt strips, rubber bumper bands, pair linking cords, and Soft Stop motion buffer mechanisms have finite expected lifetimes due to wear and loss of tension or resilience during normal use over an extended period. Except for manufacturing defects that become apparent within 1 year of purchase, these accessories are not covered under this limited lifetime warranty. Replacement accessories may be purchased as needed from Goldberg Brothers retailers.

Except for stainless steel components, Goldberg Brothers barn door hardware products are not warranted against rust. Some rusting is possible on any raw steel or powder coated steel hardware installed outdoors or anywhere else that it may be exposed to high humidity, rain, snow, or running water.

This warranty does not include loss or defects caused by elements outside the control of Goldberg Brothers, Inc., such as natural disasters, weather, fire, water leakage, abuse, improper installation, or anything else deemed out of the control of Goldberg Brothers, Inc.
**BARNFOLD® SERIES HARDWARE COLORS**

Products with SKUs that end with a dash and asterisk - * are available in multiple colors. Replace the asterisk * with the desired color code.

- Rocket White
- Blue Ribbon
- Flint Gray Texture
- Dark Gray Texture
- White Bronze Texture
- Silver Vein
- Copper Vein

**Use color code “D” and write the name of the designer color on the order form.**

**PLEASE NOTE:**

- Due to variations in printers and display screens, all color representations above are approximate. Color sample cards are available. Ask your Goldberg Brothers sales representative for details.

- Raw steel does not have a protective coating. Rusting will occur.

- PC Chrome is a powder coat finish with a glossy, chrome-like appearance. It is not chrome plating.

- Steel components used with Matte Black Texture and Bronze Texture may have minor surface blemishes acquired during the manufacturing process. These superficial variations will be hidden by the powder coating and do not affect product performance.
